## **"MSHA Part 46 Annual Refresher Training"**

*MSHA required training for anyone who works at a mine site.*

This annual refresher program reviews all aspects of the initial training requirements for owners and operators under 30 CFR Part 46. The objective of this 8 hour course is to train miners on the safety and health hazards in the surface non-metal industry. Participants will learn their rights and responsibilities, job related safety procedures and rescue and first aid techniques. This course satisfies the MSHA requirement for the annual refresher miner training.
